

## Why is Art Education Important?

Art provides an opportunity to improve creative expression, self-discovery, self-esteem and self-concept.

Art helps students understand other subjects much more clearly- from math and science to language arts and geography

Art teaches children to respect others' ways of working and thinking, to develop creative problem-solving ideas and to communicate thoughts and ideas in a variety of ways.

How can you bring more art in to your child's classroom?

## Become an Art Enrichment Volunteer

Art Enrichment volunteers teach an art lesson once a month in the classroom. An easy to follow lesson plan, materials, training, and supplies are provided. The time commitment is only about an hour and a half a month!

You do not need to be an artist or have an art background to be an Art Enrichment volunteer, just the desire to bring art in to the classroom. It is a chance for the kids to be creative, have fun and express themselves!

If you are interested in becoming an Art Enrichment volunteer please contact Deva Demeter at [b.demeter@comcast.net](mailto:b.demeter@comcast.net)

The Art Enrichment Training is Thursday September 24, 7-9pm
